Dust: 12.089 (7.483) 3 (Season: 2018)

## (Last year in brackets)

Quality: Maintained.

Demand: Better demand at firm to little dearer rates.

Buyers: Packeteers were fairly active whilst Loose Tea Traders lent improved support.

## LEAF-CTC:

Brokens: Well made good liquoring types met with a strong demand at firm to dearer rates of Tk 2/3 and occasionally more following quality. Mediums were firm to generally easier. Plain and poor types met with a fair demand at firm to easier rates. There were however, considerable withdrawals in this category.

Fannings: Best and below best types met with fairly strong demand at ratesTk 2/3 dearer than last. Mediums met with only a fair demand and sold at irregularly easier rates. Plain and poor types met with selective interest and a fairly large weight remained unsold.

Dust: Clean good liquoring types sold well at around last levels. Rests were easier and there were fair withdrawals. CD's sold well at firm to little dearer rates, especially the cleaner types.

Comment: Demand was confined to mostly the well made good liquoring types on offer which sold at firm to dearer levels. Others including Re-prints met with only a selective demand and suffered large withdrawals. Teas at the lower end of the market met with some interest from the Loose Tea Traders.
